What is fostering?

Rebuilding a child's future

Fostering is a way of **providing a stable family life** for children and young people who are unable to live with their parents or other relatives. This can be for many reasons including :

- Relationship problems
- Family breakdown
- When a child's welfare is threatened
- Parents' illness

Providing a foster care placement in your home, allows a child or young person the chance to thrive in a safe, secure, and caring home environment. Fostering is **challenging but also** rewarding at the same time. It takes time, patience and commitment to foster.

The children and young people placed with foster carers are from a **number of different cultural, religious and ethnic backgrounds** and will display different behaviours depending upon their various experiences.

All children and young people are different, making it difficult to define a 'typical child', however, what you can expect is that, as with any child or young person, **they need security, stability** and the chance to develop and thrive.

Fostering differs from adoption. The main difference is that with adoption you become a child's legal parent permanently, whilst fostering is usually temporary, until a child returns to their family.

Foster care placements can last for days, months or even several years. Many children return to their families but others may receive long term support; either through continued fostering, adoption, residential care or being helped to live independently.

Key facts for foster care

- Around 62,000 children (source: Fostering Network) are in care in England on any one day with around 75% in foster care.
- Ofsted inspect foster care providers who are both Local Authorities and Independent Fostering Agencies (IFA's).
- Foster Care is regulated by The National Minimum Standards, and Fostering Regulations 2011 and amendment 2013.
- There is a strong focus on Positive Outcomes for children and young people in our foster care & safeguarding.

What is an Independent Fostering Agency?

- When a child is placed in care, their welfare generally lies with their home Local Authority Social Services. Historically, Local Authorities have been responsible for providing fostering services through carers they have recruited.
- Independent Fostering Agencies (IFA) came into existence to support Local Authorities services and provide greater choice for the child being placed.
- In 2002, Fostering Guidelines and Regulations were introduced for IFAs to adhere to and the private sector provision has now increased to 30% of all foster care placements. The Local Authority provision remains far higher than IFAs but the Government is committed to expanding choice and supporting private sector growth.
- The market for IFAs includes a few larger national players, several regional operators and small businesses. The majority of IFA's are companies.
- When selecting an IFA to foster with, it is important that potential carers consider many areas but in particular the support they receive, allowances payable and whether they will receive a placement of a child.

Background on Sunbeam

- Sunbeam was established in 2000 by three Directors, now with combined social work experience amounting to over 65 years. The same founding directors remain at the heart of the company.
- Based in London, Sunbeam has successfully expanded to the Midlands (Sunbeam Midlands) and Home Counties (Pride Fostering Services).
- To date we have 325 foster carers available throughout the UK providing foster care to approximately 400 children across the group .
- Sunbeam has secured several contracts and is the preferred provider for the majority of London and the surrounding areas Local Authorities.
- Our London registration is rated “Outstanding” by Ofsted because we have a strong focus on quality and outcomes for children.
- We have a dedicated staff team with extensive social work experience within the fostering sector throughout the organisation right up to the Directors.

Do I want to Foster? Can I Foster?

Do I Want to Foster?

Becoming a foster carer is a big decision; it will impact on your life, others around you and the child or young person in your care.

You will however have the opportunity to change a child or young person's life.

Before deciding whether foster care is for you, be clear in your own mind why you want to foster and ensure you have support from people around you.

It is vital that foster carers have a strong support network in place. Sunbeam will provide a high level of support and pay allowances for looking after the child.

Please see Appendix 1 for the profile of what is expected from a foster carer. This is based on the Fostering Network guide.

Shortage of Carers

- There is currently an estimated shortage of 9,000 carers in England (Fostering Network)
- We urgently require carers in London, surrounding areas and the Midlands.

Can I Foster?

Fostering is about being able to respond to a child and help them thrive.

Due to our desire to meet each child's needs fully, we are looking for people who have the following qualities:

- Ability to provide a good standard of care to other people's children.
- Knowledge of how a child develops with the ability to communicate well with children.
- Experience of setting boundaries and managing children's behaviour effectively

Practical Requirements

- Spare bedroom in rented or owned property.
- At least one carer at home full time or with reduced commitments.
- Commitment to attend training and support groups.
- Flexibility.
- Driving licence, preferred but not essential.

Who will I look after and my choices?

It is important that potential foster carers have an idea of the types of children they are comfortable caring for, taking into account, your own and your family's circumstances and views.

Children can be placed in foster care from birth to 18 years :

- Consider which age range would be best suited to your family.

Placements can be for short periods, emergency, long term or for a respite period

- Consider which length of placement would be preferred.

If a child is part of a sibling group it is common for the children to be placed together:

- It is usually the preferred outcome to place children together.
- Consider whether you have sufficient space for one child or more.

What type of behaviour and experiences can you manage?

- Children have many different experiences, challenges and abilities – how supportive can you be and what would you be less confident managing.
- Would you be confident with training and support to take children with specific needs including:
 - Children with Disabilities
 - Complex needs such as autism or significant health needs
 - Children with challenging behaviour

Are you able to care for children from different religions or ethnic backgrounds?

- Do you have knowledge of other religions and ethnic backgrounds?

All the above areas would be considered when you make your application and would be included in your “Approval Terms” when you become a carer.

Your approval terms are then used to “match” you to the appropriate children.

Fostering Different Children

You can become a foster carer by looking after children through one of the following placement types which are provided by Sunbeam to Local Authorities. When a child is accepted into their home by a foster carer, this is referred to as a **“placement”**.

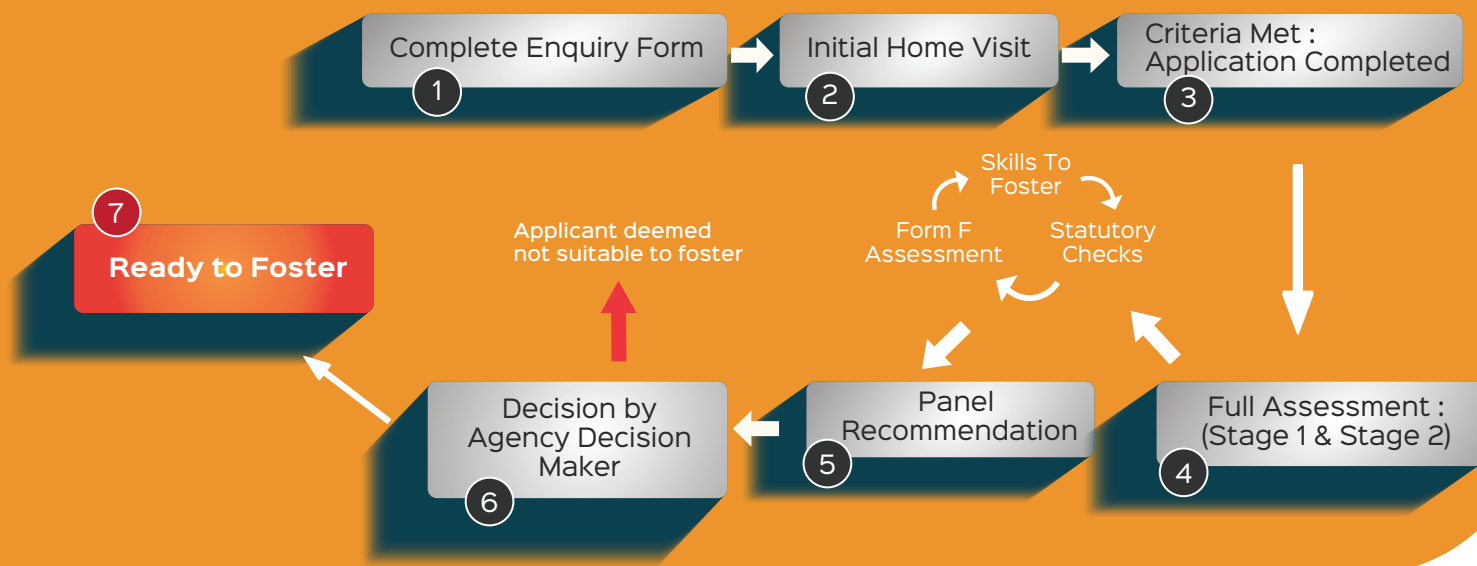

Placement Type	Details
Emergency care	Involves caring for children who need somewhere safe to stay immediately, it may be for one night or possibly longer depending on the needs of the child. Emergency care is always arranged at short notice and flexibility is needed.
Short term	Temporary place for a child until they can return to their own family, move to a long term placement or an adoptive family is found.
Long term	Careful planning is needed for long term placements to focus on the child or young person's long term needs. For many reasons, long term foster care is needed when children can not return to their birth family and adoption is not considered appropriate.
Respite care	A child is placed with you for a few days or weeks to give a short break to another foster carer.
Parent and child	Provided to a mother and/or father of their child or children where the foster carer can provide parenting support and guidance. These placements can be short term or long term.
Unaccompanied child or young person	<p>An unaccompanied child or young person is under 18 and is separated from parents/family and is usually applying for asylum in his/her own right.</p> <p>These young people are from countries such as Afghanistan, Syria, Eritrea, Sierra Leone, Iran and Nigeria. Often they may not speak English, can be frightened and therefore need stable and safe support.</p>
Specialist placements	There are many disabled and challenging children who require foster care. This can include children with physical disabilities, learning difficulties or sensory impairments.
Sibling placements	Sibling placements are for brothers and sisters who are all placed together into a foster care household. Sunbeam believes in keeping siblings together, unless it is deemed inappropriate by the placing Authority.

How do I become a foster carer ?

Step By Step

Applying to become a foster carer is an in depth process but we will provide guidance at every step and full support. All we ask is that before you proceed you ensure you are **fully committed** to save yourself the time if fostering is not for you. Please ask all the questions you need upfront which we will help with.

Steps Explained

Enquiry Form - Sunbeam will contact you for an initial discussion and arrange for an enquiry form to be completed over the phone or online. If the enquiry is positive a worker will call you to book an appointment to come out and see you if you wish to proceed further with your enquiry.

Initial Home Visit - A worker from Sunbeam will visit to discuss fostering with you further, to gather some background information about you and your family and to check you have appropriate bedroom space in your home and discuss any other Health & Safety related issues. At this point you will be asked to provide photocopies of ID and some other documents and to sign a Disclosure & Barring Service (DBS) check consent form. If the visit is positive application form can be completed following the home visit or alternatively this can be completed later and send to us by post.

Complete The Application Form - Once this is completed formal assessment will begin.

Fostering Assessment - The assessment process, sometimes called a 'home study' or 'Form F' essentially involves a review of your suitability to provide foster care. This will be undertaken by a skilled member of our staff and you will receive full support at all stages.
As part of the process, you will be required to:

How do I become a foster carer ?

Steps Explained Continues

1. Provide references – both personal and employment
2. Undertake a medical check with your GP (paid for by us)
3. Consent to other checks with Local Authorities, schools or other agencies

Invitation to Preparation Training - You will receive specific training through a three day course. You will receive specific training through a three day training course to prepare you to foster and to achieve "Skills to Foster". Attending courses will also allow you to meet other carers, share experiences and learn more about foster care. For carers wishing to look after disabled or challenging children, additional training will be provided at this stage.

Panel - Following completion of your training and fostering assessment, the report will be submitted to an Independent Panel for approval recommendations to be made in terms of the numbers and ages of children that can be placed with you. You will be asked to attend the Panel with the social worker who completed your assessment.

Approved - The Agency decision maker will have the final decision regarding your approval. Once approved you will then be a registered carer with Sunbeam Fostering Agency, and be able to take "looked after children" and young people into your home and care for them. You will be allocated a Supervising Social Worker to help and support you.

The path to becoming a Foster Carer requires commitment to the assessment process and our current foster carers would be happy to share their experiences of the assessment process.

Purpose and Importance

You will be visited by a member of our recruitment team to discuss your enquiry. This meeting will last around two hours and is critical in your approval process. At this stage, you try to decide if foster care is the right decision for you. We will explore many areas including :

- Your background and interest in foster care
- What is fostering in more detail
- Background on Sunbeam and support you will receive

Please ask all the questions you need and take your time before deciding to proceed to the next stage. Our staff will be able to deal with all your questions at any stage both over the telephone and during the visit.

A partnership is formed between you and ourselves and we will be open on the challenges you may face. If there any concerns you wish to raise, please do so at this stage.

Possible questions you may wish to ask include:

- Ask if you can speak to an existing carer about fostering.
- Is my spare room of a sufficient size?
- What allowances will I be paid?
- What is the position on the child or young person's education?
- How will this effect my job (if applicable)?
- How will the child or young person travel to school?
- Which Local Authorities near me do you work with?

After the initial home visit, we will assess your suitability and check if you wish to proceed, onto the next stage. If at any time you feel that you do not wish to continue with your enquiry or feel things are moving too fast, then please let us know. We will be happy to discuss your options further.

Sunbeam considers that a foster carer is undertaking a career in working with children and therefore should be rewarded accordingly. Sunbeam's carer payments and fees are at a competitive rate to reflect this.

The amount of carer payment you will receive depends on the type of placement and other factors such as the age of the child and other possible challenges with their behaviour.

The payment also reflects living costs and allowances for children incurred including:

- Food
- Travel costs
- Household bills
- Clothing
- Activities
- Personal costs for children

Please get in touch with our team for a full breakdown and fact sheet of our weekly rates of **up to £650 per child per week.**

Tax Position

For your relationship with us you will be treated as self employed and you should receive favourable tax treatment on the payments received depending on your own circumstances.

In 2003, a tax relief was introduced to exempt gross foster care payments from tax provided an individual limit is not exceeded. This is currently £10,000 per household per annum and up to £200 per week for a child under 11 and £250 over 11. There are other reliefs for specialist placements.

You should seek your own tax advice regarding foster care payments which is available from HMRC's website under "foster care relief" or please ask us for a factsheet.
